About us

Vision Australia's Vision Store features a comprehensive selection of innovative adaptive technology products, magnifiers and daily living aids for people who are blind or have low vision, sourced from suppliers right around the world.

And our range is always growing.

We've made it easy to shop in ways that best suit you. You can view a selection of our products online, chat to us over the phone or via web chat, or come in to one of our Vision Stores. Or, if you'd prefer, please feel most welcome to book a home visit by one of our professional service providers.

As well as the latest supportive products, our services include:

- Low Vision Clinics
- Allied Health
- Library
- Vision Australia Radio
- Children
- Employment
- Seeing Eye Dogs

We are proud to be an approved Department of Veterans' Affairs (DVA), National Disability Insurance Scheme (NDIS) and My Aged Care (MAC) supplier and can help you get the most from your funding.

Our aim is to support all Australians who are blind or have low vision, at every age and life stage, to achieve their personal goals.

Our aids and technology products can help you to enhance your functional independence at home, at school, at work and in your local community so you can comfortably and safely live the life you choose.

If you have any questions about our product range or would prefer to order over the phone, simply call 1300 84 74 66 between 9am and 5pm AEST on weekdays and a member of our friendly, professional team will be glad to assist you.

Let us help you with your NDIS consumables

Vision Australia is committed to helping you on your NDIS journey and have included a special NDIS Consumables icon on suitable products in our range. Consumable items are generally lower cost items to support your everyday activities at home and in your community.

Consumables fall under the 'Core Supports' budget available through NDIS. If the NDIS has approved a consumables budget in your plan, this can be used to purchase adaptive daily living equipment through Vision Store and Vision Australia offices.

C NDIS Consumables

To help you quickly and efficiently with your NDIS consumable budget questions, there is some information that we recommend you have at hand to optimise your visit to Vision Australia and Vision Store.

Bring along a copy of your NDIS Plan on your first visit. But if you don't have a copy of your Plan, that's ok. If your consumables budget is Agency Managed, we will need your NDIS number and plan start and end dates. To find out your budget allocation to spend on consumables, please refer to your NDIS Plan as consumables vary from \$500 up to \$1500, depending on your plan.

To determine your budget to spend on consumables, it will depend on how you are managed:

- a. **Plan Managed** – Contact your Plan Manager and ask them to provide you with information about how much you have remaining on your consumables budget (please note, due to privacy and confidentiality legislation, Vision Australia is unable to contact Plan Managers on your behalf to request consumable budget information.)
- b. **Agency or Self-Managed** – Log onto the NDIS participant portal (myplace)*

If you have any other questions regarding your NDIS consumables budget, please do not hesitate to contact Vision Australia on 1300 84 74 66.

*myplace is a secure website portal on the Australian Government's myGov website where you or a person you trust (a nominee or child representative) can access your NDIS information.

If you need assistance logging into myGov, please call the myGov helpline on 13 23 07. Otherwise for more information visit <https://www.ndis.gov.au/participants/using-your-plan/managing-your-plan/how-use-myplace-portal>.

Disclaimer: This information is intended as a guide only. Please refer to the NDIS website and the NDIS assistive technology guidelines for clarification regarding the categorisation of the individual product or products you are interested in.

<https://www.ndis.gov.au/participants/assistive-technology-explained>

Let us help you if you are a Department of Veterans' Affairs Gold or eligible White Card Holder

DVA Department of Veterans' Affairs

Vision Australia is committed to help and support the veterans' community so they can remain independent and comfortably live the life they choose.

Vision Australia's Vision Store provides a wide selection of products for different visual needs, enabling you to complete a variety of daily living tasks more easily and efficiently.

We have included a special Department of Veterans' Affairs (DVA) icon on products that can be funded by DVA to entitled veterans through the Rehabilitation Appliances Program (RAP). All of these aids and solutions are subject to assessed clinical needs and may require prior approval from DVA.

If you have any questions regarding what products can be funded by DVA, please do not hesitate to contact Vision Australia's DVA hotline on **1300 36 54 92**.

Pricing

You can find the latest pricing for all of our products online at www.shop.visionaustralia.org

Due to ongoing freight complexities associated with the COVID pandemic, prices do change from time to time. Vision Australia is committed to offering the lowest price possible.

Powerlux Illuminated Magnifier

The Powerlux line of stand magnifiers offers the perfect solution for maximising vision comfort and exceptional ease of use.
